CPS CHEMPION ELITE S

The Champion Elite S is a robust one-piece chemical protective suit for limited use against solid, liquid, and gaseous or vaporous hazardous materials. Because of its special coating it can not be reused after a contamination. The weight of the head portion is minimized thanks to a securely fitted, lightweight PET visor. Weighing in at approx. 6.5 kg, the Champion Elite S is a lightweight among protective suits and provides both comfort and effective protection. The gastight boots and gloves offer a high degree of safety and flexibility and are also interchangeable. The Champion Elite S is made of a material composed of a multilayer film laminate on a robust carrier fleece. It has a zipper and a flap with snaps to ensure easy handling. The protective suit is used in limited areas of rescue and decontamination work.

TECHNICAL DATA

Weight*:	approx. 6.5 kg
Size of protective suit:	universal acc. to EN 340
Inner Gloves (IG) - Viton®-Butyl :	sizes 9, 10, 11
High-top safety boots (SB):	sizes 43, 45, 46/47
Operating temperature:	-15°C to +60°C
Storage temperature:	-5°C to +25°C optimum: +15°C to +25°C

* without self-contained breathing apparatus and full-face mask

Optional extras:

- › Additional labelling possible on arm, chest, and back
- › Radio Pocket

Commercial trainer version available.
art. no. D3020894

ARTICLE NUMBER

D3020895

Standard version - IG Size 11, SB size 46/47

FUNCTIONALITY

- › High level of chemical resistance
- › High level of mechanical durability
- › Material consisting of multilayer film laminate on carrier fleece
- › Total weight minimized thanks to a securely fitted plastic visor
- › Snaps on the zipper flap allow safe and easy decontamination
- › Helmet can be worn under suit
- › Interchangeable gloves and boots
- › Self-contained breathing apparatus worn under

FIELDS OF APPLICATION

- › Fire department/ relief and rescue organizations
- › Industrial applications
- › Authorities/ public safety
- › Chemical industry
- › Asbestos control
- › Power generation and supply
- › Police/ military
- › Food processing
- › Search and rescue
- › Riot police and special operations units
- › Agriculture
